BURBANK APPROVES **USE OF CORN DIET**

Luther Burbank, eminent California naturalist, has entered the ranks of corn boosters. In a statement issued here yesterday he denies that he has at any time described the corn diet as injurious to the na-tional health.

"I am in thorough sympathy with the effort to get corn more general-ly introduced into the dietary of the KLAWANS—On Friday, October 28, 1937, at Garfield Hospital, MAY S., beloved wife of Joseph T. Klawans, aged 36 years. Funeral from her late residence, 2468 Ontario road, today at 3:30 p. United States," said Mr. Burbank. "It is in my opinion the best cereal food, except wheat and rice, and people should by all means be encouraged to use it far more liberally than it has been used."
